CODE OF PRACTICE FOR DEALING WITH UNREASONABLE AND PERSISTENT COMPLAINANTS

From time to time the Parish Council receives complaints from members of the public. Some complaints are received by telephone or in writing and some by a visit to the Parish Clerk's office. In order to deal with complaints efficiently and effectively the Parish Council has a Complaints Policy.

The Parish Council's administration is carried out by a part time Parish Clerk. In the event that a complainant begins to make frequent contact with the Parish Clerk and hinders the normal day to day running of the Parish Council, the Parish Clerk will implement a policy for dealing with frequent or vexatious complainants, since such complaints can be time consuming and could lead to unnecessary additional cost to the council tax payer.

The Parish Council's policy for dealing with unreasonable and persistent complainants will become operative if the complainant is deemed to be unreasonably persistent either by written or oral communication or excessive visits to the Parish Clerk's office.

PROCEDURE

A vexatious complainant will be notified that the Council's Policy for dealing with unreasonable and persistent complaints is to be enforced, together with the reason why.

The complainant will then be asked to adopt one or all of the following procedures

- request contact with the Parish Council in a particular form (for example, letters only);
- Request contact to take place with a councillor present;
- Restrict telephone calls to specified days and times; and/or be asked to enter into an agreement about future contact with the Parish Council

The Council will decide how long it will spend on any one complaint and whether it feels the complaint has been sufficiently dealt with. In all cases where a complainant is deemed to be unreasonable and persistent, the Council will write to the complainant to justify its course of action and explain for how long it will be operative.

10.5.22

Agenda item 7d Complaints Policy Review

The complainant may challenge the Council's decision, although proof that the complaint has not been sufficiently dealt with will be required. However, if deemed to be a fair challenge the Council will conduct a review of the complaint and will reconsider whether the complaint should still be treated as unreasonable and/or vexatious.

Knockin Parish Information & Data Protection Policy

Introduction

In order to conduct its business, services and duties, Knockin Parish Council processes a wide range of data, relating to its own operations and some which it handles on behalf of partners. In broad terms, this data can be classified as:

- Data shared in the public arena about the services it offers, its mode of operations and other information it is required to make available to the public.
- Confidential information and data not yet in the public arena such as ideas or policies that are being worked up.
- Confidential information about other organisations because of commercial sensitivity.
- Personal data concerning its current, past and potential employees, Councillors, and volunteers.
- Personal data concerning individuals who contact it for information, to access its services or facilities or to make a complaint.

Knockin Parish Council will adopt procedures and manage responsibly, all data which it handles and will respect the confidentiality of both its own data and that belonging to partner organisations it works with and members of the public. In some cases, it will have contractual obligations towards confidential data, but in addition will have specific legal responsibilities for personal and sensitive information under data protection legislation.

The Parish Council will periodically review and revise this policy in the light of experience, comments from data subjects and guidance from the Information Commissioners Office.

The Council will be as transparent as possible about its operations and will work closely with public, community and voluntary organisations. Therefore, in the case of all information which is not personal or confidential, it will be prepared to make it available to partners and members of the Parish's communities. Details of information which is routinely available is contained in the Council's Publication Scheme which is based on the statutory model publication scheme for local councils.

Protecting Confidential or Sensitive Information

Knockin Parish Council recognises it must at times, keep and process sensitive and personal information about both employees and the public, it has therefore adopted this policy not only to meet its legal obligations but to ensure high standards.

The General Data Protection Regulation (GDPR) which will become law on 25th May 2018 and will like the the Data Protection Act 1998 before them, seek to strike a balance between the rights of individuals and the sometimes, competing interests of those such as the Parish Council with legitimate reasons for using personal information.

The policy is based on the premise that Personal Data must be:

- Processed fairly, lawfully and in a transparent manner in relation to the data subject.

- Collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes.
- Adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed.
- Accurate and, where necessary, kept up to date.
- Kept in a form that permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed.
- Processed in a manner that ensures appropriate security of the personal data including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

Data Protection Terminology

Data subject - means the person whose personal data is being processed.

That may be an employee, prospective employee, associate or prospective associate of BTC or someone transacting with it in some way, or an employee, Member or volunteer with one of our clients, or persons transacting or contracting with one of our clients when we process data for them.

Personal data - means any information relating to a natural person or data subject that can be used directly or indirectly to identify the person.

It can be anything from a name, a photo, and an address, date of birth, an email address, bank details, and posts on social networking sites or a computer IP address.

Making Information Available

The Publication Scheme is a means by which the Council can make a significant amount of information available routinely, without waiting for someone to specifically request it. The scheme is intended to encourage local people to take an interest in the work of the Council and its role within the community.

In accordance with the provisions of the Freedom of Information Act 2000, this Scheme specifies the classes of information which the Council publishes or intends to publish. It is supplemented with an Information Guide which will give greater detail of what the Council will make available and hopefully make it easier for people to access it.

All formal meetings of Council and its committees are subject to statutory notice being given on notice boards, the Website and sent to the local media. The Council publishes an annual programme in May each year. All formal meetings are open to the public and press and reports to those meetings and relevant background papers are available for the public to see. The Council welcomes public participation and has a public participation session on each Council and committee meeting. Details can be seen in the Council's Standing Orders, which are available on its Website or at its Offices.

Occasionally, Council or committees may need to consider matters in private. Examples of this are matters involving personal details of staff, or a particular member of the public, or where details of commercial/contractual sensitivity are to be discussed. This will only happen after a formal resolution has been passed to exclude the press and public and reasons for the decision are stated. Minutes from all formal meetings, including the confidential parts are public documents.

The Openness of Local Government Bodies Regulations 2014 requires written records to be made of certain decisions taken by officers under delegated powers. These are not routine operational and administrative decisions such as giving instructions to the workforce or paying an invoice approved by Council, but would include urgent action taken after consultation with the Chairman, such as responding to a planning application in advance of Council. In other words, decisions which would have been made by Council or committee had the delegation not been in place.

The 2014 Regulations also amend the Public Bodies (Admission to Meetings) Act 1960 to allow the public or press to film, photograph or make an audio recording of council and committee meetings normally open to the public. The Council will where possible facilitate such recording unless it is being disruptive. It will also take steps to ensure that children, the vulnerable and members of the public who object to being filmed are protected without undermining the broader purpose of the meeting.

The Council will be pleased to make special arrangements on request for persons who do not have English as their first language or those with hearing or sight difficulties.

Disclosure Information

The Council will as necessary undertake checks on both staff and Members with the the Disclosure and Barring Service and will comply with their Code of Conduct relating to the secure storage, handling, use, retention and disposal of Disclosures and Disclosure

Information. It will include an appropriate operating procedure in its integrated quality management system.

Data Transparency

The Council has resolved to act in accordance with the Code of Recommended Practice for Local Authorities on Data Transparency (September 2011). This sets out the key principles for local authorities in creating greater transparency through the publication of public data and is intended to help them meet obligations of the legislative framework concerning information.

“Public data” means the objective, factual data on which policy decisions are based and on which public services are assessed, or which is collected or generated in the course of public service delivery.

The Code will therefore underpin the Council’s decisions on the release of public data and ensure it is proactive in pursuing higher standards and responding to best practice as it develops.

The principles of the Code are:

Demand led: new technologies and publication of data should support transparency and accountability

Open: the provision of public data will be integral to the Council’s engagement with residents so that it drives accountability to them.

Timely: data will be published as soon as possible following production.

Government has also issued a further Code of Recommended Practice on Transparency, compliance of which is compulsory for town and parish councils with a turnover (gross income or gross expenditure) not exceeding £25,000 per annum. These councils will be exempt from the requirement to have an external audit from April 2017. Knockin Parish Council exceeds this turnover but will never the less ensure the following information is published on its Website for ease of access:

- All transactions above £250.
- End of year accounts
- Annual Governance Statements
- Internal Audit Reports
- List of Councillor or Member responsibilities
- Details of public land and building assets
- Draft minutes of Council and committees within one month
- Agendas and associated papers no later than three clear days before the meeting.

Knockin Parish Council Retention of Information Policy Reviewed Annually

Introduction

Knockin Parish Council accumulates a vast amount of information and data during the course of its everyday activities. This includes data generated internally in addition to information obtained from individuals and external organisations. This information is recorded in various different types of document.

Records created and maintained by the Council are an important asset and as such measures need to be undertaken to safeguard this information. Properly managed records provide authentic and reliable evidence of the Council's transactions and are necessary to ensure it can demonstrate accountability.

Documents may be retained in either 'hard' paper form or in electronic forms. For the purpose of this policy, 'document' and 'record' refers to both hard copy and electronic records.

It is imperative that documents are retained for an adequate period of time. If documents are destroyed prematurely the Council and individual officers concerned could face prosecution for not complying with legislation and it could cause operational difficulties, reputational damage and difficulty in defending any claim brought against the Council.

In contrast to the above the Council should not retain documents longer than is necessary. Timely disposal should be undertaken to ensure compliance with the General Data Protection Regulations so that personal information is not retained longer than necessary. This will also ensure the most efficient use of limited storage space.

Scope and Objectives of the Policy

The aim of this document is to provide a working framework to determine which documents are:

- Retained – and for how long; or
- Disposed of – and if so by what method.

There are some records that do not need to be kept at all or that are routinely destroyed in the course of business. This usually applies to information that is duplicated, unimportant or only of a short-term value. Unimportant records of information include:

- 'With compliments' slips.
- Catalogues and trade journals.
- non-acceptance of invitations.
- Trivial electronic mail messages that are not related to Council business.
- Requests for information such as maps, plans or advertising material.
- Out of date distribution lists.

Duplicated and superseded material such as stationery, manuals, drafts, forms, address books and reference copies of annual reports may be destroyed.

Records should not be destroyed if the information can be used as evidence to prove that something has happened. If destroyed the disposal needs to be disposed of under the General Data Protection Regulations

Roles and Responsibilities for Document Retention and Disposal

Councils are responsible for determining whether to retain or dispose of documents and should undertake a review of documentation at least on an annual basis to ensure that any unnecessary documentation being held is disposed of under the General Data Protection Regulations.

Councils should ensure that all employees are aware of the retention/disposal schedule.

Document Retention Protocol

Councils should have in place an adequate system for documenting the activities of their service. This system should take into account the legislative and regulatory environments to which they work.

Records of each activity should be complete and accurate enough to allow employees and their successors to undertake appropriate actions in the context of their responsibilities to:

- Facilitate an audit or examination of the business by anyone so authorised.
- Protect the legal and other rights of the Council, its clients and any other persons affected by its actions.
- Verify individual consent to record, manage and record disposal of their personal data.
- Provide authenticity of the records so that the evidence derived from them is shown to be credible and authoritative.

To facilitate this the following principles should be adopted:

- Records created and maintained should be arranged in a record-keeping system that will enable quick and easy retrieval of information under the General Data Protection Regulations
- Documents that are no longer required for operational purposes but need retaining should be placed at the records office.

The retention schedules in Appendix A: List of Documents for Retention or Disposal provide guidance on the recommended minimum retention periods for specific classes of documents and records. These schedules have been compiled from recommended best practice from the Public Records Office, the Records Management Society of Great Britain and in accordance with relevant legislation.

Whenever there is a possibility of litigation, the records and information that are likely to be affected should not be amended or disposed of until the threat of litigation has been removed.

Document Disposal Protocol

Documents should only be disposed of if reviewed in accordance with the following:

- Is retention required to fulfil statutory or other regulatory requirements?
- Is retention required to meet the operational needs of the service?
- Is retention required to evidence events in the case of dispute?
- Is retention required because the document or record is of historic interest or intrinsic value?

When documents are scheduled for disposal the method of disposal should be appropriate to the nature and sensitivity of the documents concerned. A record of the disposal will be kept to comply with the General Data Protection Regulations.

Documents can be disposed of by any of the following methods:

- Non-confidential records: place in waste paper bin for disposal.
- Confidential records or records giving personal information: shred documents.
- Deletion of computer records.
- Transmission of records to an external body such as the County Records Office.

The following principles should be followed when disposing of records:

- All records containing personal or confidential information should be destroyed at the end of the retention period. Failure to do so could lead to the Council being prosecuted under the General Data Protection Regulations.
- the Freedom of Information Act or cause reputational damage.
- Where computer records are deleted steps should be taken to ensure that data is 'virtually impossible to retrieve' as advised by the Information Commissioner.
- Where documents are of historical interest it may be appropriate that they are transmitted to the County Records office.
- Back-up copies of documents should also be destroyed (including electronic or photographed documents unless specific provisions exist for their disposal).

Records should be maintained of appropriate disposals. These records should contain the following information:

- The name of the document destroyed.
- The date the document was destroyed.
- The method of disposal.

Data Protection Act 1998 – Obligation to Dispose of Certain Data

The Data Protection Act 1998 ('Fifth Principle') requires that personal information must not be retained longer than is necessary for the purpose for which it was originally obtained. Section 1 of the Data Protection Act defines personal information as:

Data that relates to a living individual who can be identified:

- a) from the data, or
- b) from those data and other information which is in the possession of, or is likely to come into the possession of the data controller.

It includes any expression of opinion about the individual and any indication of the intentions of the Council or other person in respect of the individual.

The Data Protection Act provides an exemption for information about identifiable living individuals that is held for research, statistical or historical purposes to be held indefinitely provided that the specific requirements are met.

Councils are responsible for ensuring that they comply with the principles of the under the General Data Protection Regulations namely:

- Personal data is processed fairly and lawfully and, in particular, shall not be processed unless specific conditions are met.
- Personal data shall only be obtained for specific purposes and processed in a compatible manner.
- Personal data shall be adequate, relevant, but not excessive.
- Personal data shall be accurate and up to date.
- Personal data shall not be kept for longer than is necessary.

- Personal data shall be processed in accordance with the rights of the data subject.
- Personal data shall be kept secure.

External storage providers or archivists that are holding Council documents must also comply with the above principles of the General Data Protection Regulations.

Scanning of Documents

In general once a document has been scanned on to a document image system the original becomes redundant. There is no specific legislation covering the format for which local government records are retained following electronic storage, except for those prescribed by HM Revenue and Customs.

As a general rule hard copies of scanned documents should be retained for three months after scanning.

Original documents required for VAT and tax purposes should be retained for six years unless a shorter period has been agreed with HM Revenue and Customs.

Review of Document Retention

It is planned to review, update and where appropriate amend this document on a regular basis (at least every three years in accordance with the *Code of Practice on the Management of Records* issued by the Lord Chancellor).

This document has been compiled from various sources of recommended best practice and with reference to the following documents and publications:

- *Local Council Administration*, Charles Arnold-Baker, 910^h edition, Chapter 11
- Local Government Act 1972, sections 225 – 229, section 234
- SLCC Advice Note 316 Retaining Important Documents
- SLCC Clerks' Manual: Storing Books and Documents
- *Lord Chancellor's Code of Practice on the Management of Records* issued under Section 46 of the *Freedom of Information Act 2000*

List of Documents

The full list of the Council's documents and the procedures for retention or disposal can be found in the attached List of Documents for Retention and Disposal. This is updated regularly in accordance with any changes to legal requirements.

This policy was adopted on 8.5.18 and is reviewed annually

Knockin Parish Council

SCHEME OF DELEGATION

This Scheme of Delegation was adopted by the Council at the Meeting held 14.5.19 and reviewed annually

Introduction.

This document sets out the manner in which Knockin Parish Council has delegated powers and responsibilities. This document is one of the four major ways in which the Council regulates its affairs; the others are its Standing Orders, Financial Regulations and Statement of Internal Control.

The power to delegate functions is set out in the Local Government Act 1972 s101.

The intention of the delegation scheme is to allow the Council to act with all reasonable speed. Decisions should be taken at the most suitable level. Therefore, the Clerk is given powers over the day to day administration of the Council, Committees (if any) to decide matters within their Terms of Reference, and matters of major policy should be referred to the full Council.

Whilst delegation is necessary it is the Council's policy that members and the press and public should have the fullest information. Therefore, the Clerk reports all major decisions taken under delegated powers at the next available Council meeting.

Proper Officer, Responsible Financial Officer and Data Protection Officer

The Clerk shall be:

- the Proper Officer and carry out the functions as provided by the Local Government Act 1972.
- the Responsible Financial Officer in accordance with the Accounts and Audit Regulations in force at any given time.
- the Data Protection Officer as required by the General Data Protection Regulation.

Clerk's Delegated Powers and Responsibilities

In addition to the responsibilities set out in the Clerk's job description the Clerk has the delegated authority to undertake the following matters on behalf of the Council:

- Day to day administration of services, together with routine inspections and control.
- Authorisation to call any extra meetings of the Council or any Committee as necessary, having consulted with the Chair of the Council and/or the Chair of the appropriate Committee.
- Authorisation to respond immediately to any correspondence, requiring or requesting information or relating to previous decisions of the Council but not correspondence requiring an opinion to be taken by the Council or its Committees.
- Authorisation of routine expenditure in accordance with Financial Regulation 4 (Budgetary Control and Authority to Spend).
- Preparation and submission of comments to Planning Applications where the Council's agreed stance is known.
- Handling requests for information under the Freedom of Information Act 2000 and the Data Protection Act 1988 or General Data Protection Regulation (whichever is in force at the time of request)
- Issuing press releases and statements to the press on the Council's known policies.
- Updating and managing the content of the Council's website.
- Co-ordination of articles for the Telescope newsletter.

- Disposal of Council records according to legal restrictions and the Council's Record Management Policy.
- Responding to planning applications that fall outside the meeting schedule and are not deemed sufficiently important to warrant a special meeting following consultation with councillors via email.

Take appropriate actions arising from emergencies (including national emergencies arising for example from the outbreak of a pandemic or civil unrest) in consultation with Chair/Vice Chair of the Council as appropriate to the circumstances.
