### **Shropshire Local Plan Review - Issues and Strategic Options**

#### Introduction

We advise you read through all the information provided in support of this consultation prior to starting your response. We would also advise you to have a copy of the Issues and Strategic Options Consultation Document available to refer to as you work through the questions.

The questions are included within the Issues and Strategic Options Consultation Document to allow you to start thinking about them as you go. This response form is broken down into the same 3 sections as the Issues and Strategic Options Consultation Document to try and help you simultaneously navigate the information and response form.

All questions marked with a red asterisk\* require an answer to be provided.

Information provided in response to this consultation, including personal information, may be subject to publication or disclosure in accordance with the access to information legislation (primarily the Freedom of Information Act 2000, the Data Protection Act 1998 and the Environmental Information Regulations 2004).

# **Shropshire Local Plan Review - Issues and Strategic Options Rural policy Identification of Community Hubs** \*12. Do you agree with the approach and/or the methodology proposed to identify Community Hubs? Yes No Don't know / no opinion Please use the space below to explain your reasons for your choice. **Identification of Community Clusters** \*13. Do you think any of the existing Community Clusters identified in Appendix 3 should no longer have Community Cluster status? Yes No Don't know / no opinion If yes, please specify the community cluster(s) and any community support you are aware of for this proposal: \*14. Do you think any additional Community Clusters should be formed? Yes No Don't know / no opinion If yes, please specify the community cluster(s) and any community support you are aware of for this proposal:

#### **Criteria for the Community Hub Policy**

\*15. The table below provides a summary of some of the criteria which may be included within the Community Hub policy.

Please provide your opinion on the importance of each criteria, using the following ranking scale:

(1) Unimportant; (2) Neutral; (3) Important; or (4) Ve	ry Impo	ortant		ŀ	Don't know
	(1)	(2)	(3)	(4)	no opinion
Development proposals must have regard to relevant policies on Sustainable Design and Development Principles.			, ,		По оринон
2. Development should be of a scale and design that is sympathetic to the character of the settlement and its environs.					
3. Development should be well and clearly related to the existing built form of a settlement and not result in an isolated form of development.					
4. Development should reflect design criteria and policies identified within relevant Neighbourhood Plans and Community Led Plans.					
5a. Development proposals to extend a Community Hub beyond its natural built form will normally consist of a small group of dwellings and include a range of housing sizes, types and tenures.					
5b. Development proposals should protect the integrity of any strategically important gaps between settlements.					
6. There should be sufficient infrastructure capacity, or scope to address or alleviate any infrastructure constraints to appropriately meet development needs.					
7. Sites of five or more dwellings should include an appropriate mix* of types and sizes of housing; and meet local needs for affordable and family housing based on any local evidence					
8. Non-residential sites should be designed to complement their setting and meet the needs of their intended occupiers.					
9a. The cumulative impact of residential development proposals is a significant policy consideration.  Cumulatively, residential development proposals** must complement the nature, character and size of a settlement.					
9b. Decisions on cumulative impact will have regard to the cumulative increase to the size of the settlement.					
9c. Decisions on cumulative impact will have regard to the number of other development proposals in close proximity or adjacent to the proposal site, in seeking to avoid the over-development of settlements					
9d. Decisions on cumulative impact will have regard to the benefits arising from the development.					
10. The cumulative impact of non- residential development is also a significant policy consideration. Cumulatively, non-residential development** must complement the nature, character and size of a settlement.					

					Don't know /
	(1)	(2)	(3)	(4)	no opinion
11. Allocations made within Community Hub settlements					
in the SAMDev Plan are considered appropriate sites for					
development.					
12. Development within the Green Belt is generally considered inappropriate, apart from the specific					
exceptions referenced within national policy.					
13. Development should respect the qualities of the local					
landscape and be sympathetic to its character and visual					
quality.					
14. Development should have a positive effect on any					
relevant heritage designations.					
15. Development should have a positive effect on any					
relevant environmental designations.

5. There should be sufficient infrastructure capacity, or	( ' )	(-)	(0)	( - /	
• •					
scope to address or alleviate any infrastructure					
constraints to appropriately meet development needs.					
6a. Development should either be located on small scale					
infill sites or represent conversions of existing buildings					
within or adjoining the settlement. Infill sites will consist of					
land usually with built development on adjacent land on					
three sides.					
6b. The rural area between Community Clusters is					
considered countryside. The integrity of any strategically					
important gaps between settlements will be protected.					
7. When considering the size, type and tenure of housing,					
all residential development should have regard to the					
need to provide appropriate family accommodation;					
available local evidence; and the outcomes of community					
consultation.					
Non-residential sites should be designed to					
complement their setting and meet the needs of their					
intended occupiers.					
9a. The cumulative impact of residential development					
proposals is a significant policy consideration.					
Cumulatively, residential development proposals* must					
complement the nature, character and size of a settlement.					
9b. Decisions on cumulative impact will have regard to					
the cumulative increase to the size of the settlement.					
9c. Decisions on cumulative impact will have regard to					
the number of other development proposals in close					
proximity or adjacent to the proposal site, in seeking to					
avoid the over-development of settlements.					
9d. Decisions on cumulative impact will have regard to					
the benefits arising from the development.					
10. The cumulative impact of non- residential					
development is also a significant policy consideration.					
Cumulatively, non- residential development* must					
complement the nature, character and size of a					
settlement.					
11. Allocations made within a Community Cluster					
settlement in the SAMDev Plan are considered					
appropriate sites for development.					
12. Development within the Green Belt is generally					
considered inappropriate, apart from the specific					
exceptions referenced within national policy.
